BRYAN STILL IS TALKING

Issues Another Statement Dissecting the Democratic Platform.

NOT SO FIERCE AS BEFORE

Very Tame and Quiet and Says Now, "On the Whole the Platform Is Good."

(By Associated Press.) -LINCOLN, NEB., July 14.-W. J. Bryan to-day made public the following state-

ment relating to the Democratic platform adopted at St. Louis:

"The plank on importalism is positive, strong and satisfactory to the entire party, and this question becomes the paramount issue of the earnpaign.

Tariff and Trusts.

Tariff and Trusts.

"The tariff plank is good, but it was made so on a close vote in the committee and largely against the opposition of Mr. Parker's adherents. The plank which was voted down the rord a wise, conservative and business like revision, made with due regard to existing conditions. The committee thought that these qualifying words emasculated the plank and left it say weak as to give no hope to tariff reformers.

"The anti-trust plank is a good one. It demands the enforcement of the criminal clause of the criminal say against the trusts, it demands the aboiltion of rebates and discriminations, and it demands the withdrawal of the interstate commerce privileges from trusts when once convicted. The plank is infinitely superior to the Republican plank, and with a President who desired to destroy the trusts would be a sufficient plank, but as this trust plank was also substituted by the full committee, there is reason to fear that it may not be in keeping with the ideas of the candidate. The labor plank is all that could be desired, it declares against government by injunction; it favors arbitration and the sight-hour day, and denounces the methods that have been resorted to in the Colorado strike, but as these planks were added in the rule committee, some uncertainty exists as to the candidate's position.

"The platform has a plank in favor of the candidate of the havy, but this was stricken out in the full committee.

"The platform has a plank in favor of the enlargement of the scope of the

mistee. "The platform has a plank in favor of the enlargement of the scope of the Interstate Commerce Commission and in favor of irigation.

"The general clauses of the platform excite no dispute, and the appeal against the introduction of a race issue ought to have weight with the sober, thinking Americans.

issue ought to have weight with the sober, thinking Americans.

'The Money Question.

'On the whole, the platform is good. From a Western standpoint its greatest defect is that it makes no mention of the money question. An attempt was made to secure a plank opposing the inelting of the silver dollar, opposing the asset currency and branch branch, and expressing a preference for the United States note (ordinarily known as the greenback) over the bank note, but having roused to put in a gold plank, the committee was not willing to have any phase of the money question alluded to. All the money question alluded to. All the money question alluded to the money question alluded to the money question alluded to the money of the committee, togother with a few from the South, stood together and secured enough changes in the platform to make it a presentable document and worthy of the support of the party.

(From Our Regular Correspondent.)

WASHINGTON. July 14.—The part played by the South in the St. Louis convenion is being commented upon by all Southerners in Washington. Lieutenant-Governor Willard, who has an office in this city, was entiusiastic to-day when speaking of this feature of the convention. So was Colonel Bob Lee, of Fairfax, who also has an office in this city. "I was sorry not to be at the convention," said Mr. Willard. "There were many features of which I read with interest, but none so interesting as the prominence of the South, Mark my words, the time will come when you and I will see a Southern man elected President of the United States. I believe that as firmly as I believe anything."

Mr. Willard contemplates going into the campaign this fail and will make an extensive canvass of the State. So will Colonel Lee.

Colonel Sam Donelson, of Tennessee, where of staff to General N. B. Forrest, and former doorkeeper of the House of Representatives, is in the city to-day, and he, too, talked of the prominence of the South in the convention. "It began to be National Chairman.

and former goorkeeper of the House of Representatives, is in the city to-day, and he, too, talked of the prominence of the South in the convention. "It began to look like old times, he sqid with a broad, smile. "Daniel, Balley, Williams, Chiberson, Carmack, Tiliman, Stone and McCreary were leading lights of the convention, and all are men of the South But, no, man in the convention from the South had a greater influence in the convention than Senator Gorman, who was absent, but in close touch with things; It is said Gorman made Davis the nominee for the Vice-Fresidency. With such a ticket, and Gorman the national chaliman, there is good reason to believe Parker and Davis would sweep the country."

(By Associated Press.)

CHICAGO, July 14.—The stride, which has demoralized the packing industry throughout the country, has not yet beer settled, but there are indications that t will soon be ended by the adjustment f the difficulties by arbitration.

After a conference which lasted all of the afternoon between representatives of the packers and officers of the unions, the employers to-night are waiting for an answer to a counter proposal which an answer to a counter proposal which they submitted to Michael Donncily in reply to a statement of the terms on which he would be willing to make a settlement. Mr. Donnelly to-night said that the counter proposal of the packers would be rejected, and that he would in turn present a counter proposal to-neares.

FENCE MUST COME DOWN

Judge Pritchard's Action Granting a Supersedeas

The United States Circuit Court of Appeals yesterday afternoon decided the case of the Newport News and Old Point Rallway and Electric Company vs. the Hampton Roads Railway and Electric Company, adversely to the appellants, who thereupon asked that the appeal be dismissed, thereby agreeles to pay the appellee's costs. The real question in the case before the court was as to the action of Circuit Judge C. Pritchard in granting a supersedeas, after an appeal had been granted by Acting Circuit Judge Waddill, from an injunction directed against the Newport News and Old Point Rallway and Electric Company.

This is the case, the real issue, in which was the right of the Newport News and Old Point Rallway and Electric Company, to erect und maintain a fence at Buckroo Beach, thereby excluding from free entry to that resort, persons going thereto on cars of the Hompton Roads Rallway, the two lines being competitors for passenger traffic thereto. The effect of the decision is to perpetuate an injunction and require the Newport News and Old Point Rallway and Electric Company to remove lits fence and permit the Hampton Roads Rallway to have free access to Buckroe Beach. Thus onds Rallway Company to have free access to Buckroe Beach. Thus onds another chapter in the stubborn fight between these rival rallway lines. The United States Circuit Court of Ap-

> Manchester Bureau, Times-Dispatch | No. 102 Hull Street | Elijah Steger, a colored boy, is contined in the Manchester jali on the charge of murder, committed on Tues-

> The murdered boy was Robert Young, also colored. The circumstances of the case, according to Elijah, who says he is about ten years old, but is nearer eleven, are as follows:

He was driving a cow home, which is his job every evening, for his aunt, Charlotte Pope. sA he was nearing home he lotte Pope. sA he was nearing home he was set upon and stoned by six boys, Cophus Coleman, George Wood, John Barksdale, Samuel Taylor, Ralph Taylor and Robert Young. These boys, says "lijah, have been in the habit of stoning him for some time; and make a practice of worrying him. Tuesday evening they pelted him with stones. Samuel and Ralph Taylor threw him down and the thers helped to hold him on the ground While in this position, Robert Young siruck him in the side with a rock. Finally he managed to get on his feet, and. struck him in the side with a rock. Finally he managed to get on his feet, and, as soon as he did so, picked up a large rock and threw it at Young, hitting him on the right side of the head. Young fell, and his frightened comrades picked him up and carried him home. Elijah, unaware of the extent of the injury he had inflicted, made for his home and re-

illiawars of the other of the charlot charlot had inflicted, made for his home and retired.

The evidence, on the other hand, brought out the story that in coming home with the cows, Robert Young was ahead, and that Elijah asked him to move out of the way and let him get ahead. Young refused, and Elijah said: "Walta minute; I'll fix him." He thercupon struck Toung in the head with a stone. Elijah then started to run, but was advised, by the others not to do so. He desisted, and walked away quietly. These are the facts as stated on each side.

Young was carried home, and the next day Dr. C. M. Hazen trepanned the boy's skull, but to no avail, as he died two hours later. An inquest was held over the body by Dr. J S. Loving, and the Jury handed in the verdict that Young came to his death at the hands of Elijah Steger.
